

RELAXATION IS
HALF THE WORK.

MODULA

THE MODULA SYSTEM
**WORKING AND RELAXING -
 IN THE SAME PLACE, AT THE SAME TIME.**

With its versatile combinable elements, MODULA offers countless possibilities for the creative furnishing and dividing of open learning landscapes.

Whether in learning rooms, quiet areas or waiting areas - the inviting open forms allow for effective dual use of a space (e.g. library/media center).

The fabric-covered partition walls also have an acoustic function in addition to dividing the room. In this way, silent focused work and open relaxed communication can take place simultaneously during all forms of learning and working.

For even more possibilities, MODULA can also be combined with the straight seating elements of our DOMINO series.

SAMPLE COMBINATIONS

Open learning landscape

Library/media center

Administration/teachers' room with DOMINO elements

Lounge with DOMINO elements

Waiting areas

FEATURES AND ADVANTAGES

Sophisticated system with versatile combination possibilities and zoning

Flexibility thanks to the modular design, which can be expanded with straight DOMINO elements

Can be combined with DOMINO, MAZE, CYLINDA, BLOC as well as COMBi for more design possibilities

Robust construction and durable upholstery

Easy to care for and durable upholstery fabrics in a variety of options

Different fabric colors can be chosen individually

Room dividers and soundproofing function via back panels in three different heights

Back panels optionally with a socket insert or USB charger

Shelf elements with translucent acrylic back panel

UPHOLSTERED ELEMENTS Seat height 17.72"
